Consulting and AI: A New Horizon or The End as We Know It?

AI is coming for all of our jobs, or so we're told. Consulting is one of the fields that will likely be affected by these changes. This article will look into some of the perspectives and shed light on what the consulting world may look like going forward. We will look into:

1. Industry insights
2. Ways forward
3. Challenges for consultants

With time, a new consulting will emerge. Are we prepared?
